Red Poly. 75 Shore A ⚡
Crown Tread Profile

Red Poly. 80 Shore A »
Round Tread Profile

Blue Poly. 95 Shore A »
Round Tread Profile

« Brown Poly. 90 Shore A
Crown Tread Profile

- » Non-marking wheels for excellent floor protection
- » High capacity—up to 1200 lbs per wheel
- » Ergonomically friendly, maintenance free precision bearings for maximum rolling ease
- » Quieter operation than standard metal wheels
- » Excellent resistance to chemicals, caustics, acids and oils
- » Typical applications include tow line, automotive & tire manufacturing... & more!
- » Round or Crown tread handles obstructions and swivels easier than flat tread
- » Skid resistant poly tread
- » Temperature range -40° to +180°
- » Light weight aluminum core mechanically & chemically bonded to round poly tread, while chemically bonded to crown poly tread

Part Number	Description	Tread Profile	Wheel Dia.	Tread Width	Capacity Each (lbs.)	Top Hat Spanner Bushing		Weight (lbs.)
						Bore	Length	
5.00008.93TS	Red Poly. 75 Shore A	Crown	8"	2"	1200	1/2"	2 7/16"	4 3/8
5.00008.93TF	Brown Poly. 95 Shore A	Crown	8"	2"	1200	1/2"	2 7/16"	4 3/8
5.00008.96TS	Red Poly. 80 Shore A	Round	8"	2"	1200	1/2"	2 7/16"	4 3/8
5.00008.96TF	Blue Poly. 95 Shore A	Round	8"	2"	1200	1/2"	2 7/16"	4 3/8

6" Wheel Diameter Coming Soon!

Another Innovative Solution from
The World's Leading Caster Manufacturer

colson[®]

**The world's leading single provider for
caster design, engineering, manufacturing
and sourcing has done it again!**

The NEW Triumph™ Wheel is your solution
for all applications where the need is great
for high capacity and ease of maneuverability.
It's the state-of-the-art answer for your
manufacturing environment applications.

Accelerated Performance
Triumph[™]

**Wheels Loud, Skidding and
Hard to Roll with a Heavy Load?**

**Introducing the accelerated performance
of Colson's NEW Triumph™ Wheel!**

- » Smooth, quiet operation
- » Ergonomically friendly
- » Maintenance free
- » Skid resistant poly tread
- » High capacity—up to
1200 lbs per wheel
- » Typical applications include
tow line, automotive &
tire manufacturing...& more!
